*I.m. Russell Hoban*

I don't sleep much,  
but I dream a lot.  
I keep hoping to find myself  
in the moment under the moment.  
There's someone I want to meet,  
and that would be a good place  
    for it to happen.  
I don't know how to get there,  
but I'll know it when I am.  
It'll be like waking up.  
No one knows what happens  
    after that.
